

## Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### School overview

## Part A: Pupil premium strategy plan

### Statement of intent

Sky Academy is a specialist day school that provides education for boys who have an EHCP based on an SEMH/SCLN diagnosis of need. We currently have 100 boys on roll, 73% of which are eligible for pupil premium.

The approach taken at Sky when working with young people is very individualised – identifying personal barriers to growth and then putting in place appropriate support to enable a young person to overcome them. For the majority of students at Sky the barriers a young person faces are a combination of environmental and intrinsic and we aim to work contextually to overcome both.

Regarding pupil premium expenditure, we reflect upon previous year's qualitative and quantitative data to identify the top barriers to engagement for our most disadvantaged students and then put in place a solution focused implementation plan to mitigate against these.

The strategies implemented are linked where possible to long term whole school development – however this specific plan only covers one academic year due to our transfer to the Cabot Learning Federation and increased pupil numbers throughout 2023/24.

The impact of our strategies is evaluated through our school plan, do, review impact reporting cycle.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance
2	Below ARE Reading/Literacy Levels
3	Attachment and emotional literacy difficulties
4	Poor communication and interaction skills
5	Difficult home and community environment

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attendance for PP students.	No PP students are on 0% attendance. All PP students are actively engaging with Sky staff on a daily basis.
Improved literacy levels	PP students will make accelerated progress in targeted intervention work.
Improved engagement with learning	Reduction in numbers of students out of planned sessions, decrease in episodes of dysregulation, increase in pupil attainment.

Improved levels of emotional regulation	Reduction in numbers of students out of planned sessions, decrease in episodes of dysregulation, accelerated progress in targeted intervention work.

## Further information (optional)

The pupil premium strategy at Sky is part of a school wide strategy to manage increased numbers and need across the school during a period of rapid growth in PAN. The emphasis within the school is on appropriately targeting intervention work and implementing systems for measuring impact to ensure practice is effective and cost efficient.

Once numbers and cohort demographic are known for 24-25 the impact data from this year will be used to plan next years' strategy – it is expected to continue to have similar foci to 23-24.
